

MILCO Waterjet, LLC

MILCO WIRE EDM, INC.

 Simplify and Shorten Jobs with
"One Stop Shopping"

 The Most Current Cutting-Edge
Technology Available

 We Specialize in a Vast Variety of Exotic
& Common, Ferrous & Nonferrous,
Conductive & Nonconductive Materials

Transform your ideas into reality.
**THE ACCURACY YOU EXPECT AT
THE DELIVERY TIME YOU NEED!**

Precision EDM & Waterjet Specialists
Tool & Die • Plastic Injection Molds
Aerospace • Medical • Prototype and
Production Parts • Signage • Architectural • Defense

**We have the ability to
produce precision
parts for any application!**

MILCO Waterjet, LLC

Precise: No distortion and no stresses are imparted to the material and tolerances are held to +/- .005 when needed.

Clean: Superior edge quality with minimal burr and no slag leaves the material unaltered.

Cost Effective: Lower overall costs are achieved by optimal part positioning reducing material waste and handling. **This efficiency translates into real value for you.**

Waterjet Samples

Marble & Granite Medallion 20' in diameter

MILCO WIRE EDM, INC.

Accuracy: EDM technology is essential for higher tolerance parts and tooling. Tolerances held to +/- .0002 for exact specifications.

Choices: A versatile mix of 10 EDM Machines are available at Milco, including **CNC Sinker EDM, Small Hole Burning EDM and Wire EDM.**

Reliability: Milco is always striving for the utmost attention to detail being AS 9003 compliant.

CNC Sinker

We are able to help you determine the best process, whether it's EDM or Waterjet, to help meet your production objective.

WIRE EDM GEAR

SINKER EDM

HOLE POP

Technical Data

Many DXF/DWG and CAD/CAM forms accepted, from both PC/MAC formats. Scanning, digitizing and programming available.

Machinery:

- Omax Abrasive Waterjets
- Mitsubishi Wire EDM
- Mitsubishi CNC Sinker EDM
- Current CNC small hole EDM Drilling
- Complete Machine Shop Facility

Wire EDM Samples

Wire EDM, CNC Sinker and Hole Pop Sample

The Power of Teamwork

- Our processes are reliable and precise.
- We enable you to meet your delivery demands.
- We offer competitive pricing.... fast and accurate quotations.
- From concept to finished product, a team approach ensures dependability that our customers have come to rely on.
